

Advanced Rural Plastics Procedures

Banff, Alberta

January 17 , 2018

**SOCIETY OF
RURAL
PHYSICIANS
OF CANADA**

for information and registration

www.srpc.ca

This course is run by Family Physicians for Family Physicians and is designed for the Experienced Physician and the GP Surgeon who are already familiar with the basic techniques of wound repair and who wish to learn and practice advanced techniques of wound closure and skin procedures.

Most of the course will be heavily hands-on, and will concentrate on:

- Advanced Suturing and Technique
- Skin Flaps and V-Y Closure
- Extensor Tendon Repair
