

Society of Rural Physicians of Canada
27TH ANNUAL RURAL AND REMOTE MEDICINE COURSE
Halifax Nova Scotia • Halifax Convention Centre
APRIL 4 - 6, 2019

Dr. Sarah Gower Dr. Amita Dayal

SESSION 211

MAID

Interested in getting involved in MAID but a bit unsure? Does it feel like one too many things to add into your practice? Happy to assess but not sure about provision? Already an experienced provider? This session will be led by two experienced assessor & provider GPs who fit MAID into their comprehensive practices in smaller towns. We'll tailor our content to who is in the session, but will cover: history and current status of MAID in Canada, how to assess eligibility for MAID, how to provide MAID, and special considerations of MAID in a rural and remote areas. Everyone is welcome.

1. To provide a background on history and current state of MAID in Canada.
2. To demystify assessment and provision of MAID.
3. To encourage & support rural physicians to incorporate MAID into their practice.
4. To discuss special considerations of MAID in rural & remote areas.
