Halifax Nova Scotia • Halifax Convention Centre
APRIL 4 - 6, 2019

Mr. Fred Ross Ms. Pamela Bourque

SESSION 294

Distributed Medicine National Education Administrators Group - Hot Topics in Distributed Education

This session will focus on best practices regarding the administration of the Physician Preceptors in delivering medical education. There will be case studies presented related to providing preceptors feedback regarding teaching and also the development of a preceptor database.

1. Provide examples of best practices to address challenges of supporting preceptors.
2. Participants will be aware of strategies used to address the challenges and needs of supporting preceptors in delivering medical education.
