SESSION 310

Jeopardy by PEER: Rapid Answers to Common Clinical Problems

This talk will be presented by the PEER group, and is a fast-paced review of answers to common clinical questions. The audience will select the questions from a list of 32 possible topics. For each answer the audience will be asked to consider a true or false question and then one of the presenters will review the evidence and provide a bottom-line, all in less than five minutes. Topics will include management issues from pediatrics to geriatrics including a long list of medical conditions that span the breadth of primary care.

1. Learn some quick Pearls in the management of pediatric patients.
2. Understand some of the research around vitamins, supplements and food.
3. Increase awareness of actual benefits/harms (e.g. NNT) of commonly prescribed interventions.
